PREDICTION LOG

Hypothesis / Prediction	Confirmed / Rejected	Evidence

RESPONDING TO LITERATURE

1. Relate what you read to your **own life** and **personal experiences**:

This story reminded me of the time when...

As I was reading the story I began to think of the time when...
I know how _____ feel(s) because...

2. Write your **opinions** of the book:

In my opinion...

I think...

I was surprised that...

I can't believe...

I wish...

I liked the idea of...or...I love the way...

I don't like when...or...it bothers me when...

Remember:

*Always use what you
have read and examples
from the book to explain
your ideas and opinions.*

3. Write about the **elements of literature**
or the parts of the book:

The characters in the story are interesting because...

If I were the author I would have...

I noticed the characters...or...I noticed that author...

If I were in the book I would...

The elements of literature in a book are:

- The **action**: what is happening in the book.
- The **setting**: where the action is happening.
- The **characters**: what they do, how they behave with each other.
- The **conflict**: the problems in the book, how they are resolved.

4. **Predict** what will happen next:

I think ____ will happen next because in the book it says that...

Maybe ____ will happen next because I read that...

5. **Compare** the book to another book you have read:

This book is similar to _____ because they both...

This book is different from _____ because...

This book is more _____ than _____ because...
